MEMORANDUM FOR ~~CHAIRMAN~~, PERSONNEL SECURITY COMMITTEE
CHAIRMAN, PHYSICAL SECURITY COMMITTEE
CHAIRMAN, INFORMATION SECURITY COMMITTEE
CHAIRMAN, NATIONAL OPERATIONS SECURITY ADVISORY
COMMITTEE

SUBJECT: Update of Committee Assigned Issues

REFERENCES: a. The Report to the Congress on the Nation's Counterintelligence and Security Countermeasures Plans, Programs, and Capabilities, September 1986

b. IG/CM(P) memorandum, 24 October 1986, subject: New IG/CM(P) Action Issues (DCI/ICS-86-0938)

c. IG/CM(P) memorandum, 22 December 1986, subject: Implementation of the Presidents Report on CI/CM

1. I request that each of you individually meet with me to review the implementation status of issues and actions assigned to your committee. Although this review should be mainly oral, I request that it follow the format set out in the attachment. This will serve several purposes: assist me in developing a clear overall assessment of IG/CM(P) progress, facilitate our specific information and guidance exchanges, and support the preparation of your separate written input to the next biannual update to the President.

~~a. I would like to have the oral update completed not later than 8 April 1988. Accordingly, I request that each of you contact my secretary, Barbara Scott, at 697-0286, prior to 25 March to schedule a mutually convenient date and time for our discussion. I am flexible as to location--your office, my office, or the CCISCMO office--whichever is more convenient for you.~~

b. Our written input to the next status update to the President is due to the Community Counterintelligence and Security Countermeasures Office, Intelligence Community Staff, by 15 April 1988. I solicit your personal attention to meeting this suspense date. I would therefore like to receive your written update reports by 11 April 1988 for my review and endorsement to the SIG-I Chairman.

2. Cited references, in part, detail security countermeasures tasks that have been assigned to and accepted by the four permanent committees of the IG/CM(P) for resolution or monitoring. Refinements to responsibilities for these tasks have been negotiated and clarified in previous meetings of the IG. Reference c. also outlines a schedule for biannual reporting to the President on the status of implementation of the identified tasks. The SIG-I Chairman's goal (reference c.) is to pursue implementation of each of the President's initiatives by 15 November 1988. This next and penultimate report to the President should hopefully reflect substantial movement toward this goal.

SUBJECT: Update of Committee Assigned Issues

3. The IG/CM(P) has not met in plenary session since 10 November 1987. Another result of our discussions will be that of establishing a date and potential agenda for the proximate meeting. I look forward to learning the outcome of your committee deliberations to date as well as to hearing any recommendations you may have for improved efficiency and progress, and I appreciate your continued support for this important effort.
